Mandatory Electronic Submissions

As of October 2011, all Schedules require all offers and modifications be submitted electronically through eOffer/eMod

Submit Contract Offers and Contract Modifications online.

Welcome to eOffer/eMod

eOffer/eMod is a tool to submit contract offers and contract modification requests to GSA Federal Acquisition Service online.

You are required to have a digital certificate for access into the eOffer/eMod applications, to authenticate you against the authorized negotiators list for your offer/modification, and to sign the final contract/modification documents electronically. To obtain a digital certificate, please click on the link under the "About eOffer" section below titled (Digital Certificates). You will see links for the two providers authorized to sell the ACES Business Representative Identity Certificates.

Please be aware, that it will take between 7 and 14 days for a digital certificate to be issued after you have notarized you paperwork and submitted it to the company and that digital certificates must be updated every two (2) years. It is imperative that you as contractors keep your digital certificates current. An expired digital certificate will delay the ability to submit an electronic offer or modification.

Furthermore, please ensure that you back up your certificate. Check the eOffer user guide under the "Customer Assistance and Training" section to find the procedures for backing up your certificate. By backing up your certificate, if something happens to your computer, you will have a copy to import on your new computer.

Also remember you must add your name to the "Authorized Negotiators" list **EXACTLY** as it appears on your digital certificate. If the names **DO NOT match EXACTLY** you WILL NOT be able to access the eOffer/eMod applications.

Starting from February 13, 2012, the express program has been discontinued and a regular electronic offer must be submitted NEW

Before you Begin

If you are submitting an eOffer:

- Have you reviewed the solicitation you want to make an offer against?
- 2. Have you passed the "Pathways to Success" training?
- Did you get your DUNS number?
- 4. Have you registered with CCR and with ORCA?
- 5. Have you applied for a digital certificate?
- If you have done all of the above, enter "eOffer" at the right.

If you are submitting an eMod:

- 1. Do you already have a digital certificate?
- Is your DUNS number and Contract number available?
 Are you an authorized negotiator on the contract?
- 4. You may now submit the mod...

Accessories - Accessories in support of and incidental to the commodities offered under the Hardware SuperStore 51 V Schedule (industry partners may not offer stand alone accessories).

Ancillary Supplies and/or Services - Ancillary supplies and/or services are support supplies and/or services which are not within the scope of any other SIN on this schedule. These supplies and/or services are necessary to compliment a contractor's offerings to provide a solution to a customer requirement. This SIN may be used for orders and blanket purchase agreements that involve work or a project that is solely associated with the supplies and/or services purchased under this schedule. This SIN EXCLUDES purchases that are exclusively for supplies and/or services already available under another schedule.

Special Instructions: The work performed under this SIN shall be associated with existing SIN(s) that are part of this schedule. Ancillary supplies and/or services shall not be the primary purpose of the work ordered, but be an integral part of the total solution offered. Ancillary supplies and/or services may only be ordered in conjunction with or in support of supplies or services purchased under another SIN(s) of the same schedule. Offerors may be required to provide additional information to support a determination that their proposed ancillary supplies and/or services are commercially offered in support of one or more SIN(s) under this schedule.

Contractor Partnering Tool

- Allow contractors to find each other based on the needs of a specific requirement and for long term contractor partnering, which could be used to respond to multiple requirements.
- Provide templates that contractors could use to help structure their teams, and generally help contractors collaborate with each other.
- Tool will be accessible on VSC, eBuy etc.
- Currently in Beta Testing

Excluded Parties List System (EPLS): Address GAO Recommendation

"Place a warning on the Federal Supply Schedule Web sites indicating that the prospective purchasers need to check EPLS to determine whether vendors are excluded and explore the feasibility of removing or identifying excluded entities that are listed on the GSA Schedule."
